

Aumansh Gupta

Python Developer

Email: aumansh@example.com | Phone: +91-XXXXXXXXXX | Location: India

Professional Summary

Experienced Python Developer skilled in building scalable back-end systems, integrating user-facing elements, and implementing NLP-based solutions using libraries such as SpaCy and NLTK. Strong problem-solving abilities with hands-on expertise in testing tools and front-end technologies.

Skills

- Python, Django, Flask
- NLP: SpaCy, NLTK
- JavaScript, HTML, CSS
- REST APIs, Microservices
- PyTest, Unit Testing
- SQL, NoSQL Databases
- Git, CI/CD

Professional Experience

Python Developer – SuccessR HR Tech Pvt Ltd

- Developed scalable Python-based back-end modules improving system performance.
- Integrated user-facing elements with server-side logic.
- Implemented NLP techniques for HR automation workflows.
- Collaborated with cross-functional teams to optimize application responsiveness.

Python & AI Intern – IBM

- Worked on emerging technologies and contributed to Python-based automation scripts.
- Participated in project management and agile development workflows.

Projects

Automated CV Shortlisting System

Developed an AI–NLP based CV screening tool using SpaCy, NLTK, and ML pipelines. Extracted candidate skills, matched them with job descriptions, and ranked profiles.

Intruder Detection Model (YOLO + CNN Hybrid)

Built a combined deep learning architecture for object detection and classification using Google Colab, TensorFlow, and OpenCV.

Education

Bachelor of Engineering in Computer Science

AICTE-recognized internships including ISRO AGNIRVA Space Program
